PORTFOLIO

Suitcase Store
Created a fully responsive, multi-page e-commerce website.

Trucks Rental
Developed responsive layout, implemented interactive UI components, and improved usability.

Street Fighter Game
Built a 2-player fighting game with health bars, controls, and winner announcement logic.

Users-Table
Developed a dynamic and responsive user table interface with CRUD functionality, search, and sorting.

Pokedex-App
Fetched and displayed Pokémon data from an API, implemented search & filtering functionality.

Login System
Created a login system with form validation.

GOALS

I aim to join a forward-looking company where I can continue developing as a developer, contribute with clean, efficient code, and help build products that matter.
